Hanzas Street 2, Pinki, Babite district, LV 2107, Latvia

# CONSTRUCTION

## RAILING SERIES 700

All of us need a separate space, our own territory. To this end, RIPO has developed a partition wall with wise construction and design. RIPO partition wall serves as an excellent fencing structure for apartment balconies, hotels, and terraces. The partition wall has painted or anodized aluminum frame, stainless steel supports and glass filling which mostly comes laminated, hardened, with matte film.

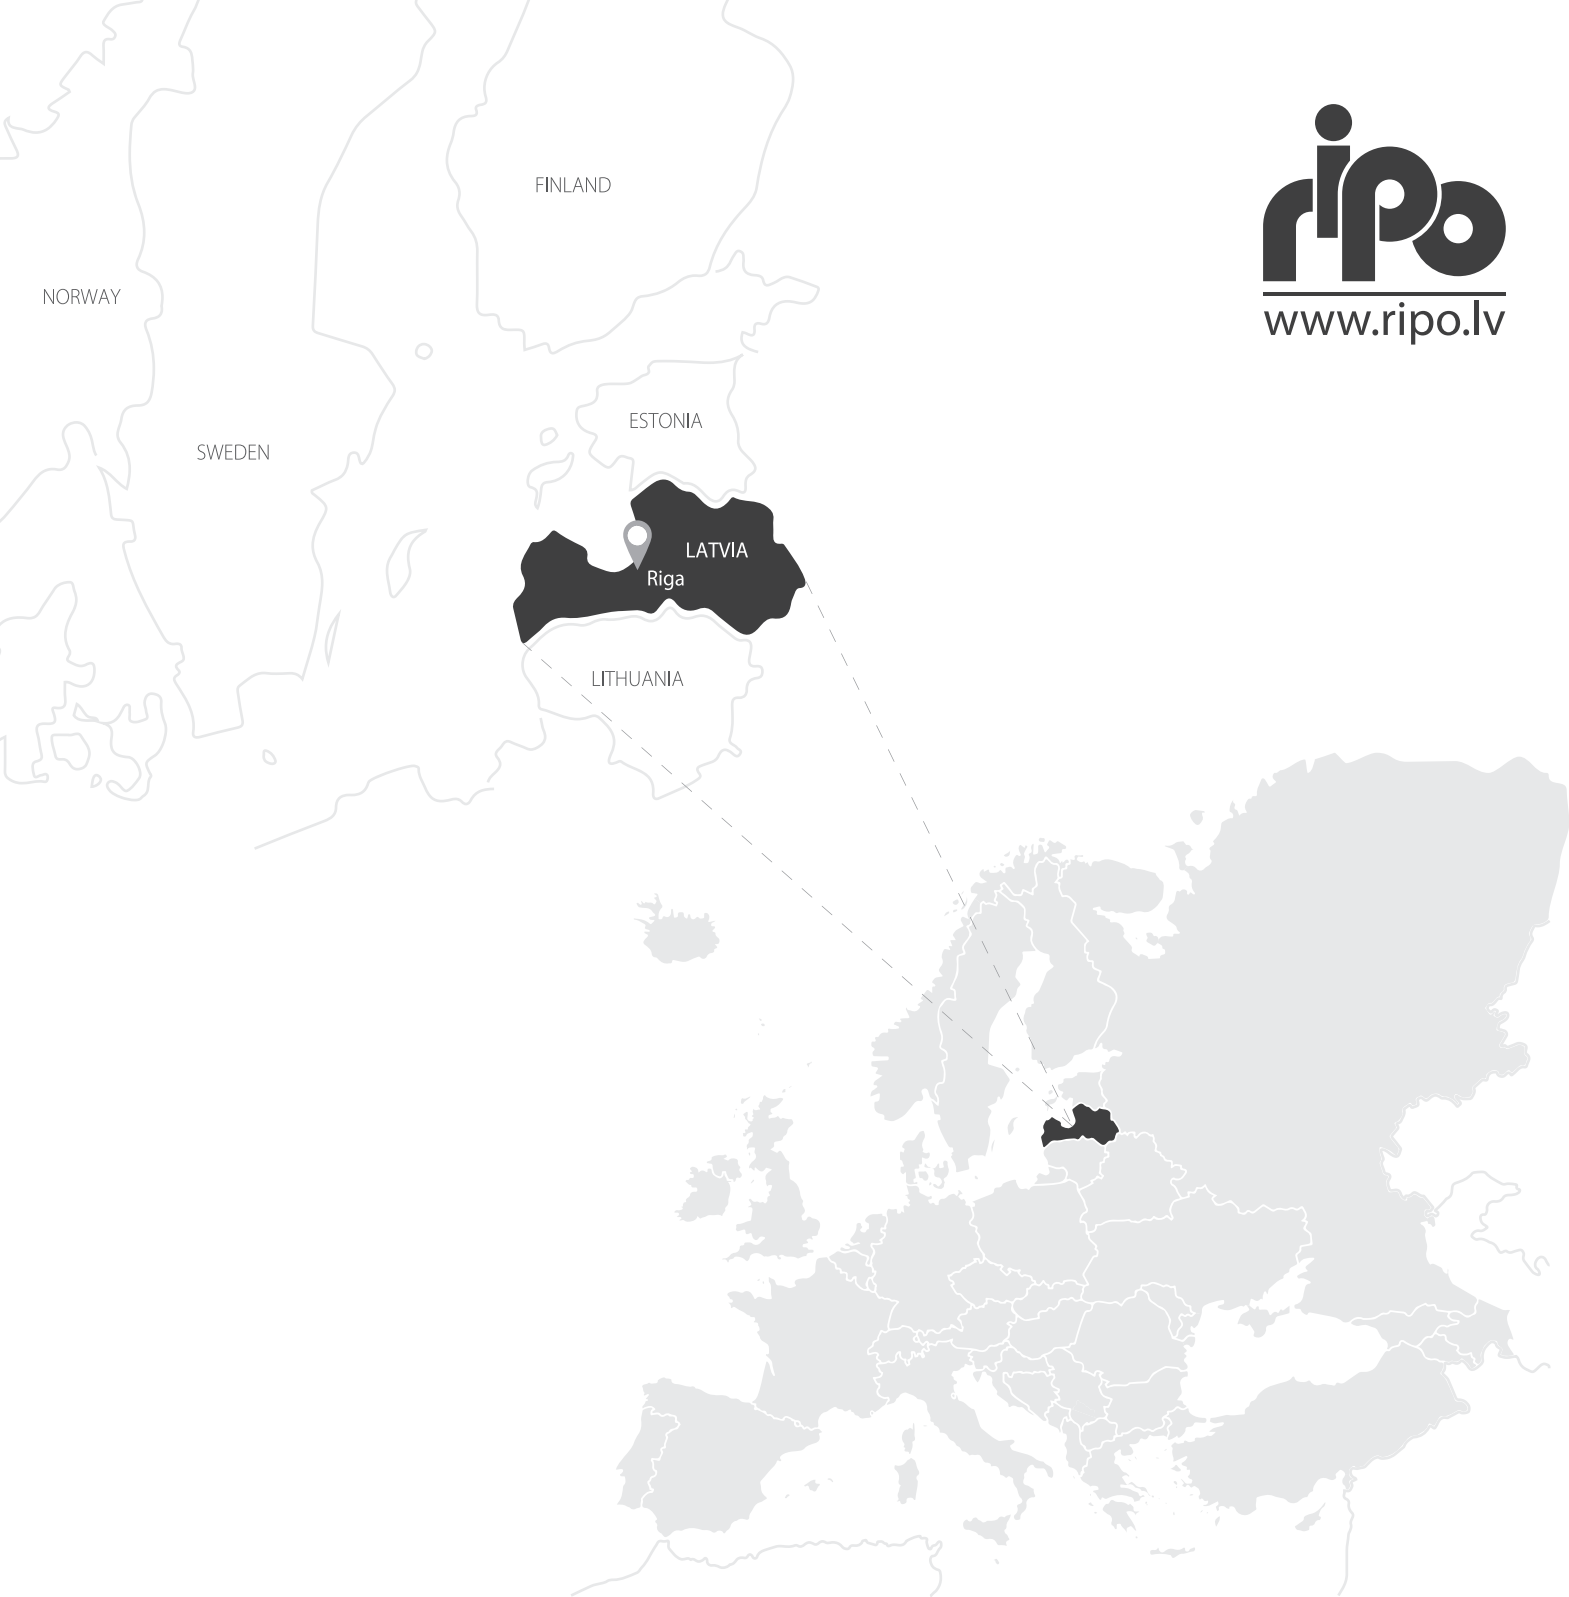

## FITTINGS FOR BASE UNIT

Fixed bracket on floor.

Free standing on floor.

RIPO is one of the leading manufacturers of railing and balcony glazing systems in Latvia. The company provides full cycle production process from structure design to production in the large industrial premises. RIPO specialists will find the best solutions to your particular situation, implementing all of your intentions either it is private residence or apartment houses. RIPO has been introducing high quality standards in its industry and customer approach since 1993.
